The new ILS for the USA

Libero is the new ILS for the USA and brought to you by Knosys. Our solutions have been assisting US companies to connect, collaborate and manage information and knowledge for customers, employees and stakeholders since 2007.

Over 35 years experience

From single libraries to large consortia, and already supporting thousands of library users globally, Libero delivers a modern, reliable integrated library system backed by expert support, expertise security, performance and reliability.

What our customers say

“

Libero provides a robust and flexible platform that underpins many of our key services, from cataloguing and circulation to digital content management.

Eurobodella Libraries
